

Ankle Brachial Index (ABI) Test

(Click on the title to access the module)

The key learning points in this 30-minute PDF (paper) module are:

- Purpose of an ABI procedure.
- How to perform this test.
- How to calculate and interpret the ABI findings.

The module has been developed by the British Columbia Provincial Nursing Skin & Wound Committee and is posted on CLWK for your personal development; you can review it as often as you wish.

The CLWK site does not provide certificates of completion; if you need to have a record that you have completed this module, please access the module through the British Columbia LearningHub site or the Yukon Learning Management System site.
