

Conservative Sharp Wound Debridement (CSWD)

(Click on the title to access the module)

The key learning points in this 3-4 hour PDF (paper) module are:

- Purpose of conservative sharp wound debridement.
- Indications, precautions and contraindications of this therapy.
- How to use the different sharp debridement tools.
- Procedures for different types of CSWD.
- How to prevent and treat adverse effects.

The module has been developed by the British Columbia Provincial Nursing Skin & Wound and in British Columbia this is one of the learning activities to gain additional education and competencies for performing CSWD. As the CLWK site does not register completion of learning modules, please maintain your copy of the signed CSWD Skills Checklist as your record of completion.

To access the document, click on the title then download and save it to your computer. The Skill Checklist is found on pages 46 - 47 of the document.
