

## Monofilament Testing

(Click on the title to access the module)

The key learning points in this 2-minute module are:

- The importance of doing a monofilament test.
- The steps for performing the test.

The module has been developed by the British Columbia Provincial Nursing Skin & Wound Committee and is posted on CLWK for your personal development; you can review it as often as you wish.

The CLWK site does not provide certificates of completion; if you need to have a record that you have completed this module, please access the module through your health authority/agency's Learning Management System site.
