

## [NPWT Level Two - Dressing Application](#) [Closed Incision & Skin Graft Dressing Management](#)

(Click on the title to access the module)

The key learning points in this ~ 20 minute module are:

- What are the benefits and mechanism of action for NPWT over incisions and grafts.
- What are the requirements of a client-specific order and appropriate treatment plan.
- How to create a closed incision NPWT dressing from individual components.
- How single-use devices create a NPWT environment.
- What strategies to use to ensure client safety and comfort.
- When NPWT should be considered for discontinuation.

The module has been developed by the British Columbia Provincial Nursing Skin & Wound Committee and is posted on CLWK for your personal development; you can review it as often as you wish.

The CLWK site does not provide certificates of completion; if you need to have a record that you have completed this module, please access the module through the British Columbia LearningHub site or the Yukon Learning Management System site.
