

Wound Packing

(Click on the title to access the module)

The key learning points in this 30-minute module are the:

- Indications and contraindications for wound packing.
- Dressings used for packing.
- How to perform wound packing.
- Importance of doing & documenting the packing pieces count.

The module has been developed by the British Columbia Provincial Nursing Skin & Wound Committee and is posted on CLWK for your personal development; you can review it as often as you wish.

The CLWK site does not provide certificates of completion; if you need to have a record that you have completed this module, please access the module through the British Columbia LearningHub site or the Yukon Learning Management System site.
